CASE STUDY

Information Management Processes -Accelerated User Adoption

CLIENT: MAJOR GLOBAL ENERGY COMPANY

Deployment of global IM solution for the entire Reservoir Management community

WHAT YOU WILL READ

The challenge · The outcomes · How we did it · Competencies applied

THE CHALLENGE

- Organizational capability gaps in many locations with low user adoption
- Reluctance to move from a shared drive to the new information management (IM) solution
- Acceptance that solution is a business solution, fit-for-purpose

THE OUTCOMES

- Deployment of global IM solution for the entire Reservoir Management community
- Accelerated adoption of IM solution for a global implementation
- Robust support and governance process
- Realization of the value of the solution

HOW WE DID IT

- Close cooperation of project team with the Business Function
- Deploy solution locally, tailoring of the solution to meet the need of the local team

COMPETENCIES APPLIED

Organizational Change Management | Information Technology | Information Management
